ACCOLADE PLUS, ACCOLADE FOOTHOLD and ACCOLADE SAFE maintenance

-  **Low traffic area**
-  **Medium traffic area**
-  **High traffic area**
-  **Barefoot traffic – Wet areas**
-  **Shoe traffic – Dry areas**

ACCOLADE PLUS maintenance

> Low traffic areas

Daily

Sweep, static dust mop and/or vacuum thoroughly to remove all dirt and dust. Damp mop, using Accolade Plus Floor Cleaner.

Quarterly

Wet Scrub, using an automatic scrubbing machine fitted with a medium nylon brush (or similar), red or blue pad and Accolade Plus Floor Cleaner. Spot scrub around edges and fixtures using a soft bristled broom.

Dry burnish, burnishing should only be carried out on a clean floor using a single disc straight line polisher up to 1700RPM, use white pad only or up to 600RPM swing polisher using red pad (this process enhances floor protection).

ACCOLADE PLUS maintenance

> Medium traffic areas

Daily

Sweep, static dust mop and/or vacuum thoroughly to remove all dirt and dust. Damp mop, using Accolade Plus Floor Cleaner.

Quarterly

Wet Scrub, using an automatic scrubbing machine fitted with a medium nylon brush (or similar), red or blue pad and Accolade Plus Floor Cleaner. Spot scrub around edges and fixtures using a soft bristled broom.

Dry burnish, burnishing should only be carried out on a clean floor using a single disc straight line polisher up to 1700RPM, use white pad only or up to 600RPM swing polisher using red pad (this process enhances floor protection).

> High traffic areas

Daily

Sweep, static dust mop and/or vacuum thoroughly to remove all dirt and dust. Damp mop, using Accolade Plus Floor Cleaner.

Quarterly

Wet Scrub, using an automatic scrubbing machine fitted with a medium nylon brush (or similar), red or blue pad and Accolade Plus Floor Cleaner. Spot scrub around edges and fixtures using a soft bristled broom.

Dry burnish, burnishing should only be carried out on a clean floor using a single disc straight line polisher up to 1700RPM, use white pad only or up to 600RPM swing polisher using red pad (this process enhances floor protection).

ACCOLADE PLUS ^{PUR}2

Polyurethane Coating

ACCOLADE PLUS incorporates a generous polyurethane bonded surface treatment.

Polyurethane through mix

ACCOLADE PLUS incorporates polyurethane throughout its thickness contributing to its excellent maintenance characteristics and outstanding durability.

ACCOLADE FOOTHOLD maintenance

> Barefoot traffic – Wet areas

Daily

Sweep, static dust mop and/or vacuum thoroughly to remove all dirt and dust. Damp mop, using Accolade Safe Bathroom Floor and Surface Cleaner only.

Weekly – Small areas

Wet Scrub, using soft bristled broom and Accolade Safe Bathroom Floor and Surface Cleaner only. Clean mop to remove excess.

Weekly – Large and unobstructed areas

Wet Scrub, using an automatic scrubbing machine fitted with a medium nylon brush (or similar) and Accolade Safe Bathroom Floor and Surface Cleaner only. Spot scrub around edges and fixtures using a soft bristled broom.

Frequency and type of maintenance required depends on traffic flow, application, environmental conditions and customer requirements. Light and accent colours can require more maintenance; where practical choose darker more camouflaging colours.

Protection:

1. Use walk-off mats at entrance to trap sand and grit as they are abrasive and can damage floors. Ensure that walk-off mats are cleaned frequently.
2. Ensure all furniture legs have well maintained non-abrasive feet.

ACCOLADE SAFE maintenance

> Barefoot traffic – Wet areas

Daily

Sweep, static dust mop and/or vacuum thoroughly to remove all dirt and dust. Damp mop, using Accolade Safe Bathroom Floor and Surface Cleaner only.

Weekly – Small areas

Wet Scrub, using soft bristled broom and Accolade Safe Bathroom Floor and Surface Cleaner only. Clean mop to remove excess. For Accolade Safe, avoid the use of highly acidic, caustic or solvent agents such as toilet bowl cleaner.

Weekly – Large and unobstructed areas

Wet Scrub, using an automatic scrubbing machine fitted with a medium nylon brush (or similar) and Accolade Safe Bathroom Floor and Surface Cleaner only. Spot scrub around edges and fixtures using a soft bristled broom. For Accolade Safe, avoid the use of highly acidic, caustic or solvent agents such as toilet bowl cleaner.

> Shoe traffic – Dry areas

Daily

Sweep, static dust mop and/or vacuum thoroughly to remove all dirt and dust. Damp mop, using Accolade Safe Bathroom Floor and Surface Cleaner only.

Weekly – Small areas

Microscopic imaging demonstrates how ACCOLADE PLUS responds to regular burnishing.

In between regular cleaning, traffic can cause scuffing and abrasion to the floor, allowing dirt, dust and grit to attach to the surface, compromising the floor's appearance.

Cleaning with ACCOLADE PLUS Floor Cleaner and a mop or using an automatic scrubbing machine removes this build up prior to burnishing.

ACCOLADE PLUS Floor Cleaner contains a naturally occurring element that helps increase friction and heat during burnishing to create a more impervious and harder surface that enhances the floor's appearance and minimises the accumulation of ingrained dirt, dust and grit.
