### Construction

The Elemental extra-large plank size 228.6mm x 1524mm is perfect throughout the home. All colours are available in 2.5mm and 5.0mm thickness with a 0.55mm heavy-duty wear layer.

Elemental is a glue down product and can be installed in bathrooms and kitchens as a NZBC alternative solution to the E3 code.

### GLUE DOWN CONSTRUCTION

1. Duraspect™ Extreme Surface Protectant
2. Clear vinyl wear layer
3. High-resolution printed decorative film
4. Solid vinyl base

### Install method

Jacobsen Elemental XL is a glue down floor, and is designed to be permanently fixed in place. Being a glue down floor, allows the Elemental XL to be thinner, which makes it ideal for renovation projects.

### Product Benefits

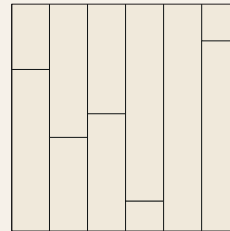

There are many benefits to the Jacobsen Elemental XL range.

Thanks to the Duraspect™ Extreme Surface Protectant coating, the Elemental XL vinyl flooring is extremely scratch-resistant, stain resistant and easy to clean, and therefore ideal for intensively used rooms.

Elemental XL can be used with underfloor heating up to 27°C and is 100% waterproof, meaning Elemental XL is flooring made for life.

### Designs

There are three designs available, the Extra wide plank that comes in ten colours, two thicknesses 2.5mm and 5mm. And the Chevron and Herringbone that is available in one colour.

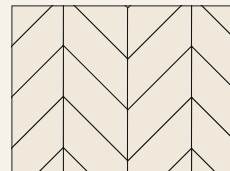

#### Extra-wide Plank

Size (W\*L\*T): 28.6 x 1525 x 2.5mm

Wear Layer: 0.55mm

Size (W\*L\*T): 228.6 x 1525 x 5mm

### Elemental XL — For Hard-working Spaces

Elemental XL offers the perfect blend of wood aesthetics and luxury vinyl advantages. Its extra-large plank format adds a touch of grandeur, while the in-register wood embossing and extra-matt surface create an authentic and elegant look.

With a hard-wearing finish and a scratch-resistant surface, Elemental XL ensures easy care and long-lasting beauty. It is suitable for underfloor heating and holds multiple environmental certifications, including EPD, Declare, Floorscore, and Eurofins Low VOC. Choose from four stunning designs: Elemental XL 2.5mm plank, Elemental 2.5mm Chevron, Elemental 2.5mm Herringbone, and Elemental XL 5.0mm plank. Enjoy seamless transitions and the highest standards of durability, style, and sustainability in kitchens and bathrooms.

### Features & Benefits

- Extra-large plank format
- In-register wood embossing with an extra-matt surface
- Hard-wearing finish
- Scratch and dirt-resistant surface for easy care
- Suitable for underfloor heating
- Multiple environmental certifications such as EPD, Declare, Floorscore and Eurofins Low VOC
- Specific planks for Chevron or Herringbone design
- Glue down installation allows for subtle transitions
- Can be installed in kitchens
- Can be used in bathrooms in conjunction with a membrane
- NZ Building Code E3 alternative solution
