BREATHE EASY — CARPET FOR A HEALTHIER HOME

Breathe Easy has been specifically engineered for people who care about the air they breathe. Bringing the best of non-allergenic technology and superior comfort harmoniously together for you to enjoy in your home.

As an approved Sensitive Choice product, the Jacobsen range of Breathe Easy carpets comes in three weights and has been designed to improve air quality and promote a healthier indoor environment for all living spaces. For asthma and allergy sufferers this is the perfect carpet choice for their home.

Along with their purifying technology, Jacobsen Breathe Easy carpets are treated with Ultra-Fresh™ antimicrobial technology which make the carpet resistant to mould, mildew and insects, along with ActiveCare® which helps the carpet to naturally absorb household odours.

The PermaSoft solution-dyed nylon makes this collection ultra soft and touchable as well as maintaining its incredible durability and performance.
