Traffic Class	Heavy Duty (excluding castors)
Dye Batch Variation	Colour variation may occur from batch to batch
Pattern & Colours	Ribbed needle-punch velour available in one colour
Manufacture	Falcon UV is manufactured in Belgium by Balta Group

Features & Benefits

Falcon is a sustainably manufactured indoor/outdoor carpet with needle punched fibres designed to trap soil from any direction. Falcon is durable, UV resistant and easy to clean.

Installation

Falcon must be installed by a competent and experienced carpet installer and we recommend the direct stick method using outdoor grass adhesive.

Recommended Adhesives

Roberts 6037 Outdoor Grass Adhesive

Cleaning & Maintenance

Proper maintenance is one of the most important factors to ensure good performance of any carpet. Falcon should be vacuumed daily as it will collect up to 90% soiling before it is tracked into the interior of the building.

Warranty

Interior Installations: Falcon has a five year warranty on wear and performance, stairs excepted, conditional on the product being installed and maintained according to the manufacturers recommendation.

Exterior Installations: Falcon has a three year warranty on wear and performance and against breakdown from UV.

Our goods come with guarantees that cannot be excluded under the New Zealand Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
