# At Karndean we see flooring differently...

We travel the world in our quest to bring you exceptional floors that inspire and delight. From the ancient forests of Europe, to the remote Australian outback and beyond, we seek out expressive and intriguing forms in the natural world to influence our unique floor designs.

**By combining these original features with cutting edge design, we create simply beautiful floors you'll love for a lifetime.**

**LooseLay Longboard** 20

• Explore long plank designs
• Australian woods • Interior inspiration

**Imagery and Design Reproduction**

Photography and print cannot always produce a perfect representation of our products. This includes colour, pattern variation and installation elements used.

For this reason we strongly recommend obtaining a product sample and where possible viewing a larger sample in-store. We also recommend visiting our website for information on installation, after care and product selection. We love developing new ideas and improving on our existing designs which means that sometimes products are withdrawn at short notice.

We hate to disappoint and will work with you to find an alternative design. Please contact Customer Service for more information. It is recommended that when selecting flooring products, you verify compliance with building regulations and certification practices relevant to your local area. All Karndean range and format credentials are at our certification policy level – please check for the current certification status.

# From our home... to your home

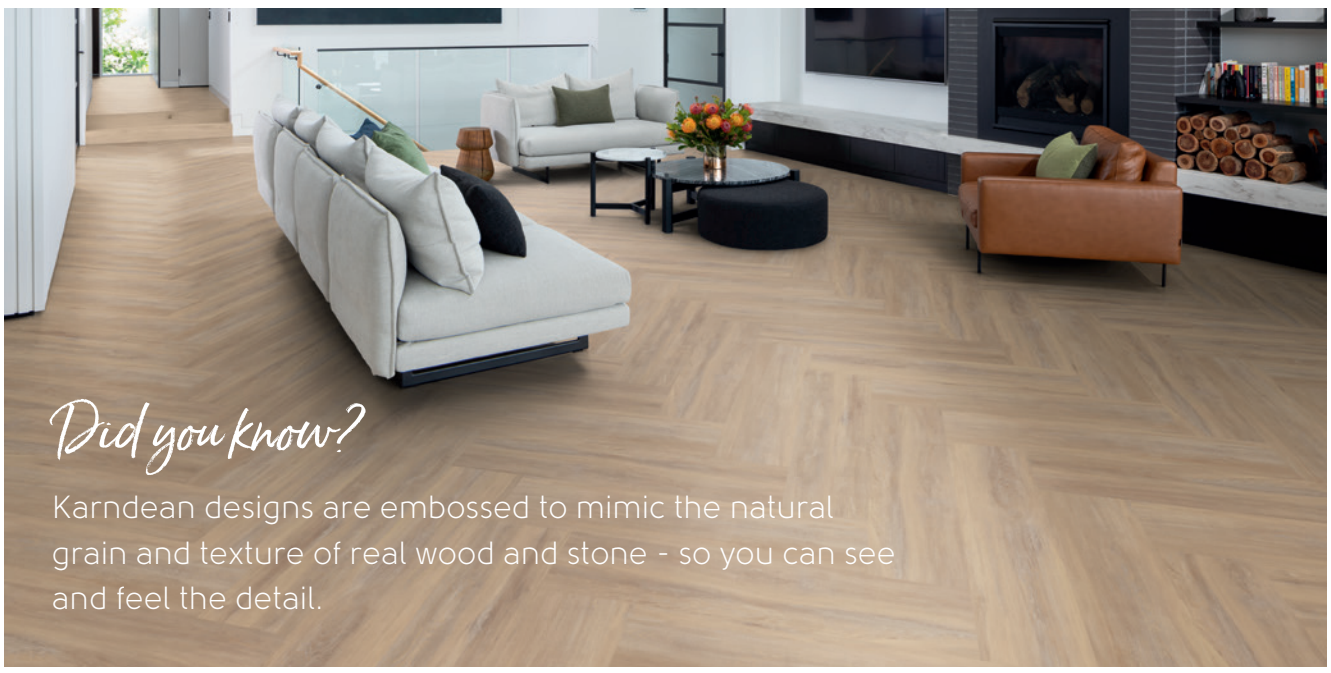

**It all began in 1973 when a former flooring installer created a small business from his family home.**

With the belief that luxury vinyl flooring shouldn't just be practical, it needed to be beautiful as well, Karndean was formed. The team set out to travel the world, seeking inspiration from natural materials for what now are the most realistic luxury vinyl flooring products on the market.

The Karndean team worked out of that house for several years with the family's trusty dog Smokey, the Great Dane who is still present on Karndean's logo today. For the family and Karndean's early employees — many who are still working with us today — these years bring back many fond memories.

Now stretching across the globe, far beyond the walls of the original house, we continue to move forward with the same passion to deliver beautiful, innovative designs for your home.

## *Did you know?*

Karndean designs are embossed to mimic the natural grain and texture of real wood and stone - so you can see and feel the detail.

**Many elements must fit together, from furniture to flooring, to fixtures and everything in between. Where to begin?**

We begin a new design with inspiration, and we are most inspired by nature. What's your design motivation? Is it aesthetic, such as a cushion or the perfect paint chip? Or is it lifestyle, a place where you can dance in your pyjamas while your babies (both two and four-legged) can roll around and play?

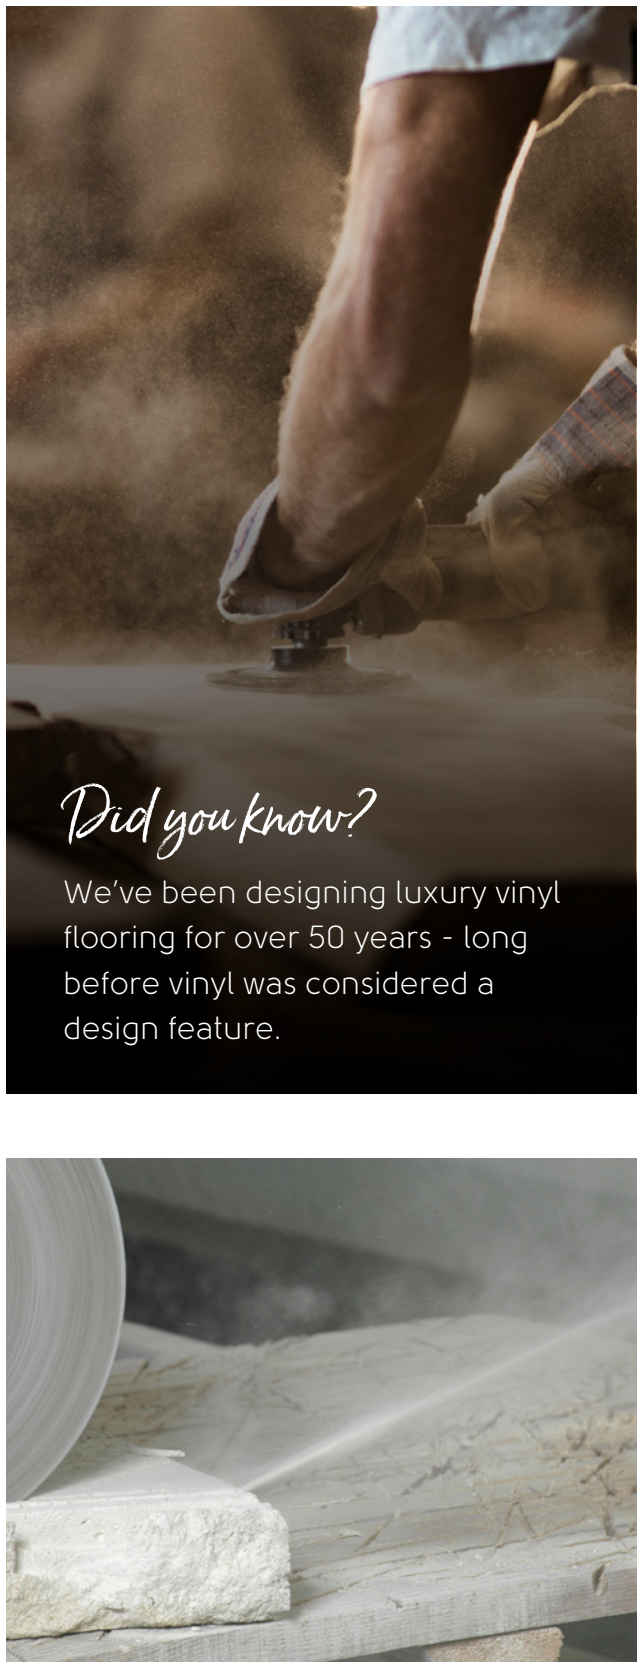

No matter what drives you, Karndean Designflooring was created with your needs in mind. We see flooring differently and by combining original features with cutting edge design, you can create a simply beautiful floor that you will love for a lifetime.

Our simple method will help you navigate the selection process and design your perfect floor, taking you beyond picking a colour and measuring the room.
Let's get started!

## Our interior trends

We pride ourselves on designs that are leading the way and setting interior trend directions.

# Designed for you

Every one of our floors is unique to us, having been lovingly created by our inhouse team. Our product designers select natural woods and stones to work with, taking the time to carefully replicate the knots, grains and textures found in these products into our designs. We apply different techniques of staining, brushing and oiling to name a few to create the perfect look and feel bringing you a simply beautiful floor.

# Designed to perform

Our floors are meticulously crafted for exceptional performance in diverse settings, prioritising durability, resilience, and practicality for residential and commercial use. Engineered to endure the rigours of daily life, our floors are water-resistant and offer superior surface protection against scratches and scuffs. They are also effortless to clean and maintain, maintaining their appearance with minimal upkeep. With a focus on quality and longevity, Karndean flooring surpasses expectations, delivering lasting beauty for a lifetime.

# Designed for *peace of mind*

## K-Guard+® surface protection

K-Guard+® surface protection helps resist everyday scuffs, stains and wear, keeping floors looking good for longer.

## Kid friendly

Perfect for growing families — your kids can crawl, play, and explore while you enjoy a floor that's warm, durable, and effortless to clean.

## Pet friendly

From muddy paw prints to everyday accidents, you can relax knowing your floor will handle the mess, resist scratches, and still look beautiful year after year.

## Durable

Engineered for everyday life, Karndean floors combine the authentic look and feel of natural materials with the strength of luxury vinyl. The result is a durable, resilient surface that stands up to daily wear - keeping its beautiful finish for years

## Low maintenance

A quick sweep and mop are all it takes to keep your Karndean floor looking its best - no sanding, staining, or varnishing required. Spend less time cleaning and more time enjoying your home.

## Authentic texture

Every plank and tile is embossed with textures that mimic the natural grain of the original material - you can see and feel the difference. This delivers a floor that not only looks authentic but also feels genuine underfoot.

## Phthalate free

Karndean flooring supports healthier indoor spaces - so you can focus on living, not worrying about what's beneath your feet.

## Quiet underfoot

Designed for quieter living, Karndean floors help reduce noise transfer between rooms, making them ideal for bedrooms, upstairs spaces and busy family homes.

## Laying possibilities

With endless ways to lay your floor, it's not just the design you choose - it's how you lay it. From diagonal planks to statement herringbone, create a look that reflects your style and transforms your space.

## Lifetime transferable warranty

Not only is a Karndean floor uniquely yours, but it's backed by our 35-year transferable residential warranty so you can enjoy lasting durability for years to come.

*Did you know?*

Every Karndean design is created in-house, inspired by real timber and stone sourced from around the world.

# *Enhance your environment*
## with Karndean

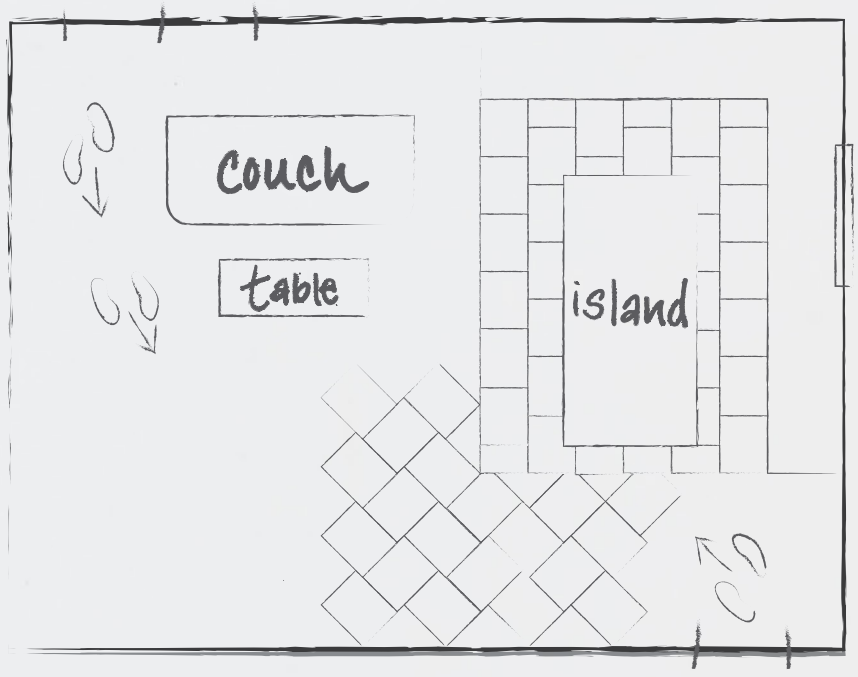

### Define your style

When planning your space, it's essential to consider your interior style, as it enables you to harmonise your living areas with both your aspirations and practical requirements.

Each of our interior trends presents a distinct blend of colours, materials and design elements, providing you with the opportunity to select a style that truly reflects your unique preferences.

Explore interior trends

### Envision your space

Begin by visualising the layout of your space and how you move through it. Considering entry points and natural flow helps guide decisions around direction and layout, creating a sense of balance from room to room.

From there, explore continuity or contrast across adjoining rooms. Thoughtful laying patterns can highlight furniture and features, transforming your blank canvas into a space that reflects your personal style and individuality.

Look for the magnifying glass to check closer details.

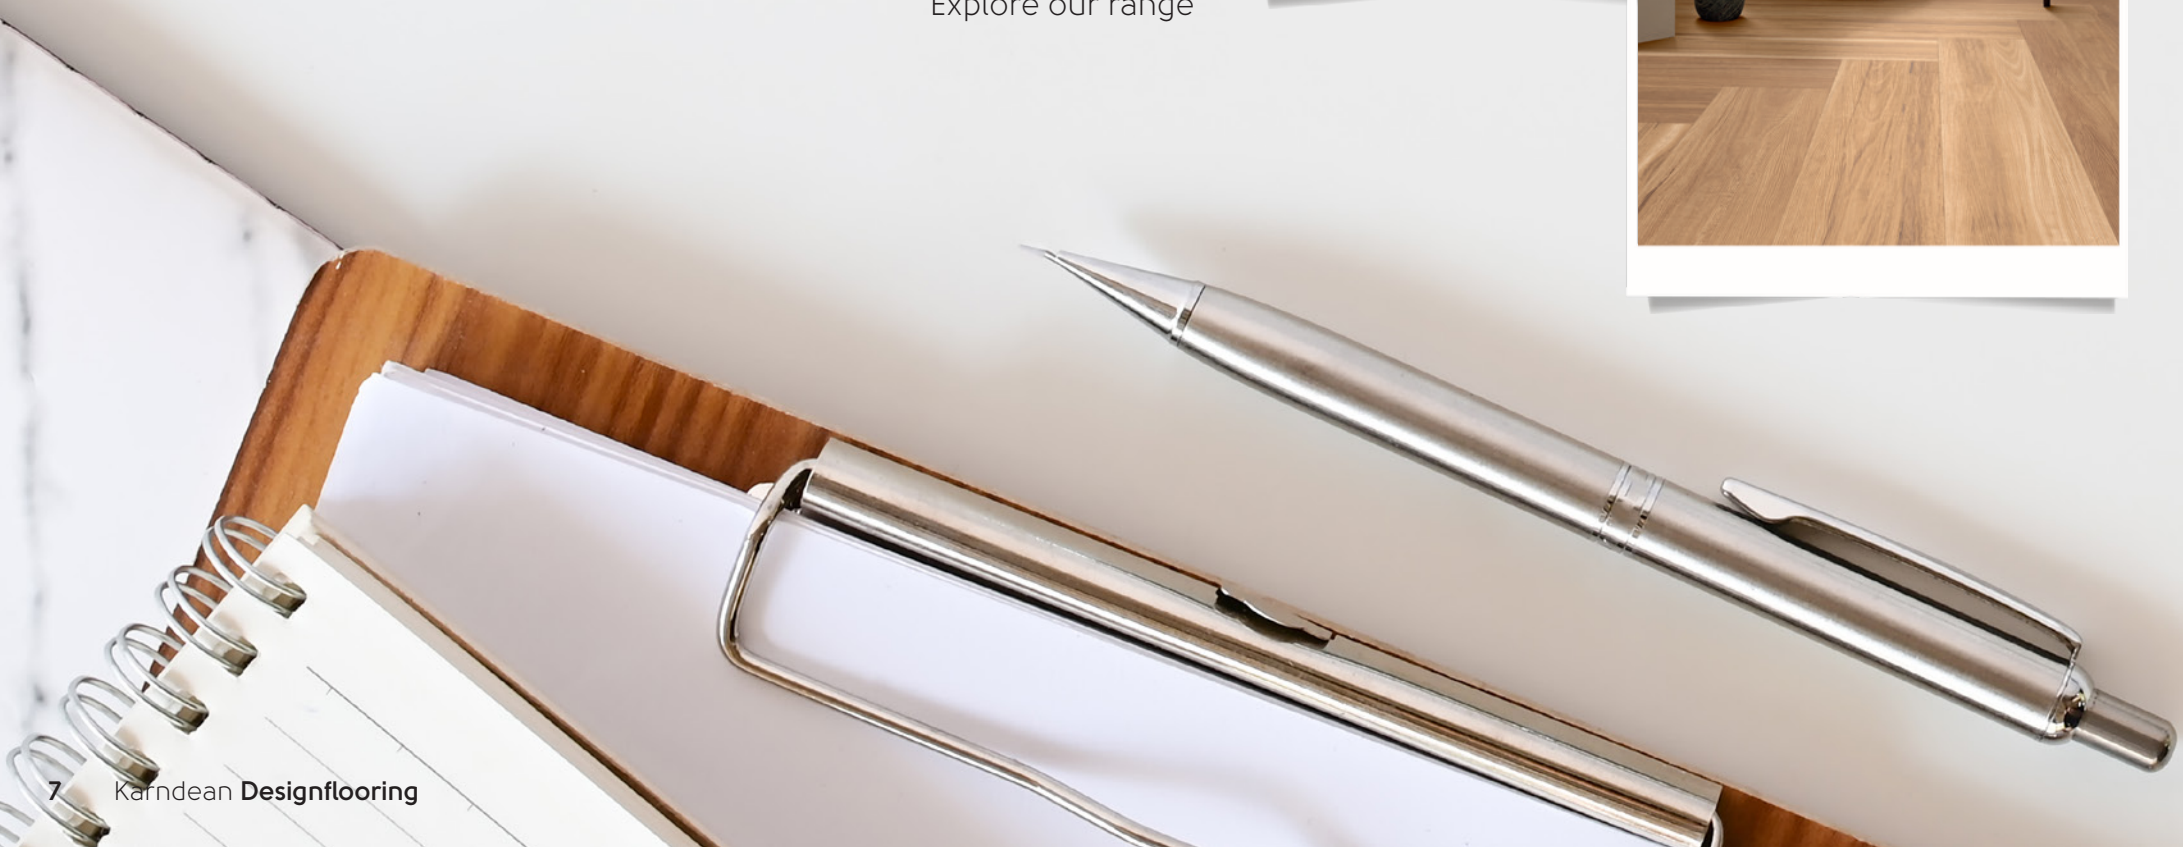

### Consider a flooring design that suits your needs

With your layout in mind, selecting the right flooring begins with understanding the look and feel you want to create. Karndean offers a broad range of wood and stone designs, each defined by distinctive tones, textures and patterns to suit a variety of interior styles.

Whether you're drawn to warmth, a contemporary look or a timeless natural finish, these designs offer the flexibility to complement your furniture, colour palette and overall vision.

Explore our range

## How lighting shapes your floor

Lighting, both natural and artificial, plays a big role in how flooring looks in your home.

Colours, tones and textures can appear different to what you see in the showroom, where bright lighting is often used. In most homes, warmer lighting and changing daylight throughout the day can soften or highlight different design features, so it's important to choose a floor that feels right in your own space

Visualise with floorstyle

Karndean floors are designed to capture the natural colour and character variation found in timber and stone, combined with authentic colour depth, grain movement and surface detail. Our textured surface embosses replicate the look and feel of natural materials. This creates a surface that not only looks realistic but also feels authentic underfoot.

As light moves across the floor, these textures interact with the environment, highlighting different details and creating a dynamic, lifelike finish. The result is a floor that brings warmth, depth and visual interest to your home, while maintaining the durability and easy care needed for everyday living.

## Road test your favourite designs

Testing samples in your own home allows you to see how colours, tones and textures respond to your lighting throughout the day, helping you choose a floor that feels right in your space.

To make this easy, our free online sample ordering service lets you select up to six flooring samples, delivered straight to your doorstep.

**Embossed Texture**

Our embosses are designed to capture the authentic look and texture of natural timber and stone.

Budelli **LLP146**

Loose lay enables a swift and seamless installation process, ensuring a hassle-free experience.

# Loose lay's premium construction

Karndean LooseLay Longboard LOOSE LAY

Karndean LooseLay Originals LOOSE LAY

## Loose lay

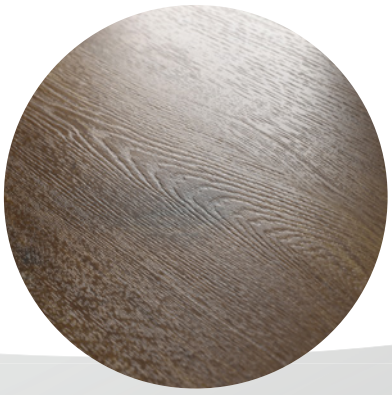

**Why choose loose lay flooring?**

Karndean LooseLay flooring combines authentic wood and stone designs with innovative construction to create a quieter, more comfortable home. Designed for modern living, it offers quick installation, excellent durability and simple everyday maintenance.

If a plank is ever damaged, it can be individually replaced to help minimise disruption in your home. Our unique K-Wave® friction grip backing helps hold planks securely in place, while K-Guard+® surface protection helps resist everyday scuffs and stains.

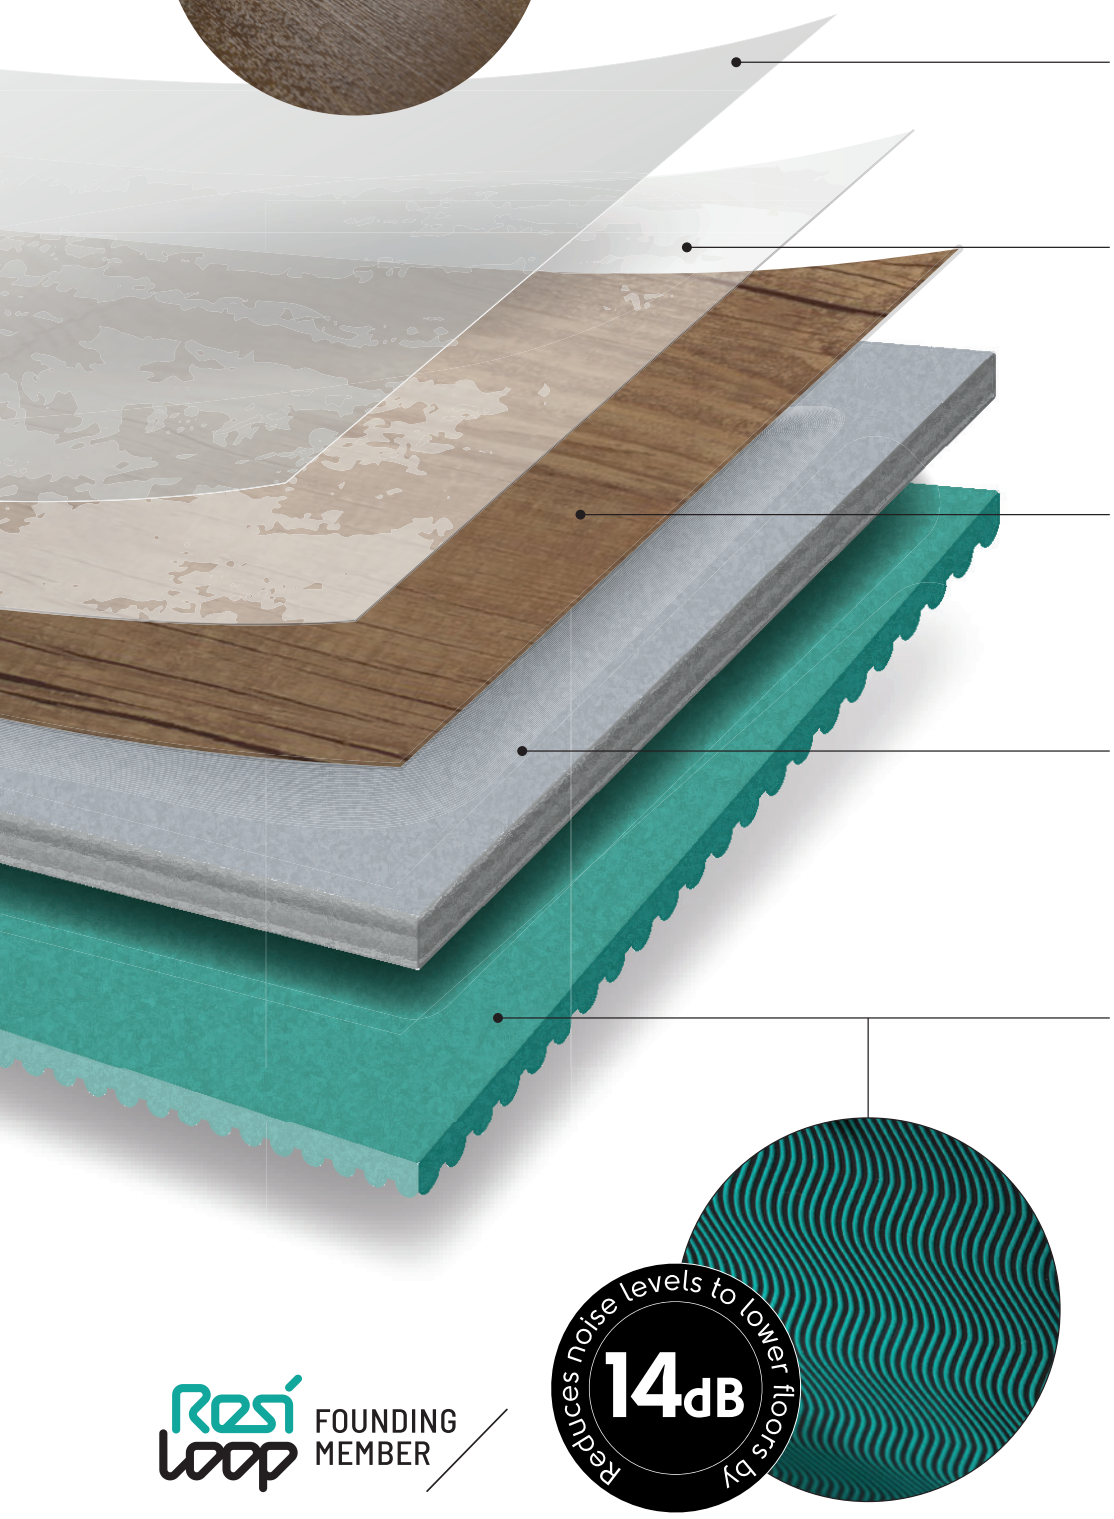

Engineered for performance and lasting beauty.

Behind every Karndean LooseLay floor is a carefully designed multi-layer construction that balances stability, durability and realistic design.

**Embossed Texture**

Designed to capture the authentic look and texture of natural timber and stone.

**K-Guard+® Surface Protection**

Advanced PU surface protection helps resist stains and scuffs from everyday life, keeping the floor looking its best and easy to maintain.

**Clear PVC Embossed Wear Layer (0.55mm)**

A heavy-duty 0.55mm wear layer protects against scuffs, while realistic embossing recreates the texture and grain of natural timber and stone for enhanced grip and authentic visual depth. Backed by a 35-year transferable residential warranty.

**High Definition Print**

Developed by Karndean's in-house designers, the high-definition print layer captures the natural variation and character of real timber and stone with exceptional realism.

**SureFit Stability Performance Layer**

Built for real life. The integrated fibreglass stabilising layer helps keep the floor flat and dependable, even in busy homes and through seasonal temperature changes.

Dimensional Stability Technology – SureFit –

**K-Wave® Friction Grip Backing**

Designed to enhance longevity, the friction-grip backing works with suitable adhesive methods to help keep planks/tiles securely in place while reducing impact noise to rooms below by up to 14dB.

Resi Loop FOUNDING MEMBER

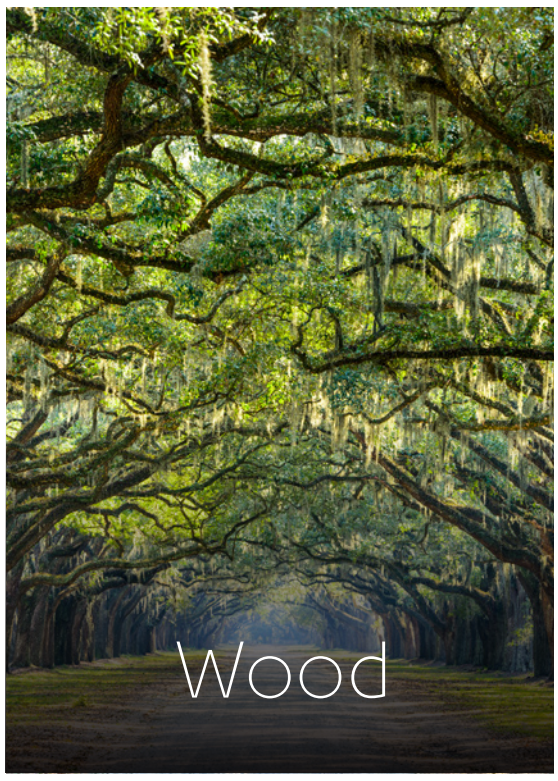

**Core Construction (4.5mm thickness)**

A carefully engineered 4.5mm construction balances strength and comfort underfoot, delivering a solid, premium feel designed for everyday living.

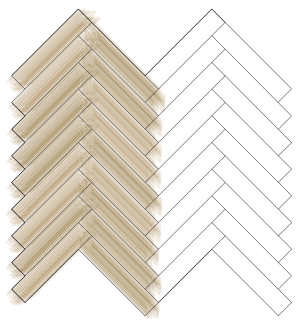

# Make a statement

## Choosing your laying pattern

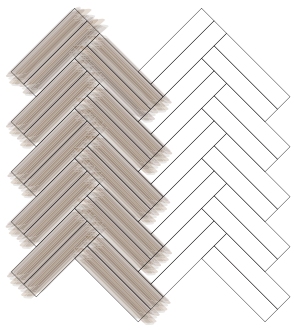

When it comes to loose lay flooring, the direction you lay your floor can make as much impact as the design itself. So, how do you decide on the best pattern? Keep these layout options in mind specifically for the loose lay format.

### Installing Karndean LooseLay

Individual planks and tiles can be easily cut on site using standard hand tools, helping to reduce installation time, noise and mess. To ensure a quality finish and long-term performance, it is essential that our flooring is installed in accordance with the relevant installation instructions, as well as applicable Australian standards and building codes for resilient flooring at the time of installation. Prior to installation, please confirm the product is suitable for the intended end-use application.

Scan to view the comprehensive Karndean LooseLay installation guidelines, including information on subfloor preparation, adhesive options, laying methods and replacement of individual planks or tiles.

View installation guide

**Inspired by Australian timbers**

Designs identified with this icon are inspired by the unique colours, grain patterns and natural characteristics of Australian wood species. These designs celebrate the beauty of local timbers through carefully crafted visual interpretation.

*It's crucial to remember that 'high variation' is an intentional design element, adding visual intrigue to your floor by emulating the complexity of the natural world. While all our products exhibit variations (a premium feature that enhances the authenticity of Karndean products), our High Variation designs have been specifically identified by our Product Team for their exceptionally pronounced differences in shade, colour and pattern among individual planks. This sets them apart from other brands, which often provide more predictable andrepeatable patterns.

Karndean LooseLay Originals

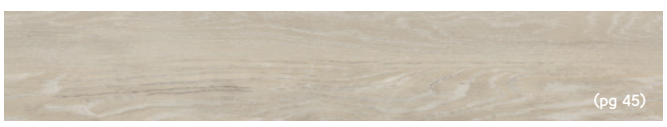

LOOSE LAY

# LooseLay Originals

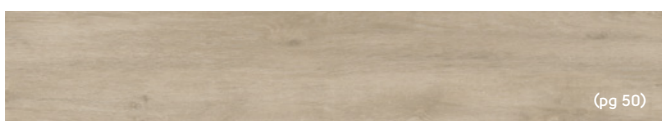

The LooseLay Originals wood designs are inspired by some of the world's most enduring oak species, capturing their natural warmth, grain, and character in timeless plank formats. From soft, contemporary tones to richer classic hues, each design delivers authentic timber appeal with everyday practicality.

The stone designs draw on refined architectural influences, spanning minimalist concrete looks, elegant honed limestone, and natural pietra styles. Clean, versatile and effortlessly sophisticated, they provide a considered foundation for a wide range of interior spaces.

# Our source of inspiration

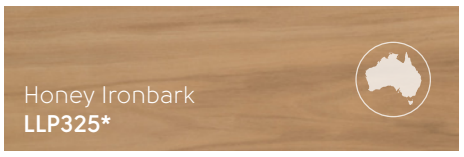

## Wood

### Australian Wood Species

### Blackbutt & Ironbark

Shaped by Australia's demanding climate, Australia wood species like Blackbutt and Ironbark are timbers defined by strength and resilience. Blackbutt's soft golden tones bring warmth and balance, while Ironbark's darker hues and dense grain create depth and presence. Together, they express the robust beauty of Australian hardwoods - grounded, enduring, and made to perform.

### Spotted Gum

Spotted Gum is instantly recognisable for its flowing grain and natural movement. Subtle variations in tone and pattern create a dynamic surface that feels alive, capturing the character of a timber shaped by contrast and change. The result is a design rich in texture and visual rhythm, unmistakably Australian in expression.

### Ancient Australian Woods

Tasmanian Oak and Blackwood are among Australia's most revered native species, valued for their strength, depth and unmistakable character. Formed over hundreds of years in Tasmania's remote west coast rainforest, these ancient timbers carry the marks of time in every grain and tone, and their story is one of resilience and rarity.

*Did you know?*

Karndean floors are backed by a lifetime residential warranty, transferable for up to 35 years.

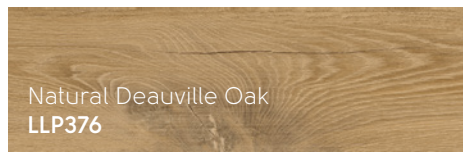

## Deauville Oak

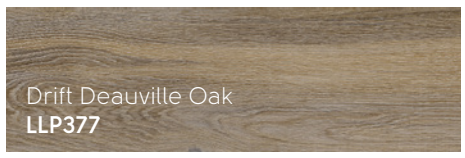

Inspired by the charm of Deauville, a picturesque coastal town in Normandy, France, this oak captures the timeless elegance and hues that define the region's interiors. Known for its rustic appearance, Deauville Oak features visible knots, soft grain movement, and a tactile, organic texture that looks inviting and lived-in.

The naturally balanced tones complement both cool neutrals and sun-washed palettes, allowing Deauville Oak to transition effortlessly across modern and traditional spaces alike. Evoking the relaxed refinement of French coastal living, Deauville Oak embodies understated beauty. The perfect harmony of regional identity and timeless, global design appeal.

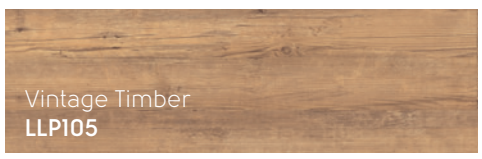

## Rustic Oak

Rustic Oak embraces the natural beauty of imperfection. Inspired by aged beams and workshop floors, these designs reveal the story of wood shaped by history, where every grain and knot tells a story. Our designers selected boards rich in personality, enhancing natural irregularities to create warmth and authenticity, bringing nature's finest details to life with character and modern simplicity.

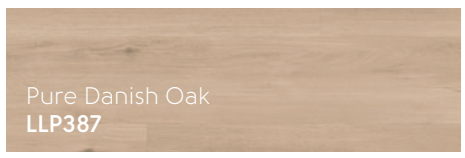

## Danish Oak

Long before steel became the preferred material for shipbuilding, the Danish naval fleet was dependent on oak, with up to 2000 mature trees required for a single ship. We sourced samples of these classic timbers and their story is now retold in beautifully replicated oak flooring. Danish oak is recognised as a high quality timber that is used in building, furniture and flooring.

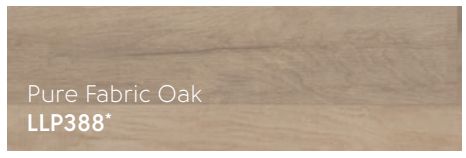

## Character Oak

Character Oak tells a story in every knot, split and mark, a story of time, craftsmanship and individuality. Inspired by reclaimed and time worn timbers, our designers preserved the raw personality of each piece, enhancing natural movement and tone. The result is a lived in yet sophisticated look, imperfect in the most beautiful way and full of warmth, depth and authenticity.

*As a feature of the design, these products incorporate a high variation between individual planks.

# Wood

## New Oak Surface Texture

Driven by a passion for craftsmanship and continuous refinement, our design team carefully developed this new surface layer to authentically replicate a real oak woodgrain. Using traditional embossing techniques alongside multi-layered 3D digital scans, they worked through multiple iterations until they felt they had truly captured this classic oak finish.

The result is a layered aesthetic that reveals more the longer you look: from above, you're drawn to the natural beauty of oak, with rich grain patterns, authentic knots and subtle tonal variation bringing warmth and character into your space. Move around the room and, as the light shifts, a second dimension begins to emerge. The embossed oak grain gently catches the light, adding depth and highlighting the unique variation from plank to plank.

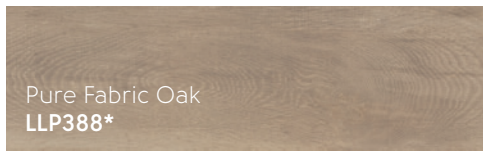

This oak emboss applies to Oak designs in LooseLay Longboard range only and does not apply to LooseLay Originals range or Australian Species designs.

## European Oak

Steeped in tradition and craftsmanship, European Oak reflects generations of artistry and architectural heritage. From grand chateaux to rural farmhouses, its versatile tones and graceful grain have defined timeless style. Our designers sourced original boards from across Europe, embracing their natural character to capture understated luxury. With balanced tone and texture, European Oak brings the finest details of heritage and modernity to life.

## Limed Oak

Originating in Northern Europe, liming oak began as a way to preserve timber, but its pale chalky wash quickly became a hallmark of style. Today, that fresh and uplifting aesthetic inspires our Limed Oak designs, balancing warmth and softness with natural texture and tone. The result is an elegant floor that brightens interiors, blending coastal calm with Scandinavian minimalism.

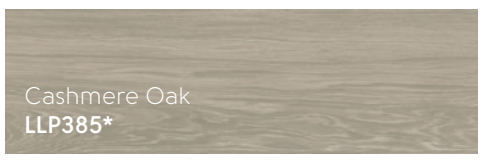

## White Oak

From the forests of North America, White Oak is admired for its light tone, subtle grain and natural elegance. Its quiet beauty and versatility have made it a timeless favourite across both contemporary and classic interiors. Our designers honoured this heritage with gentle colour shifts and delicate grain detail, bringing nature's finest details to life with modern refinement and enduring appeal.

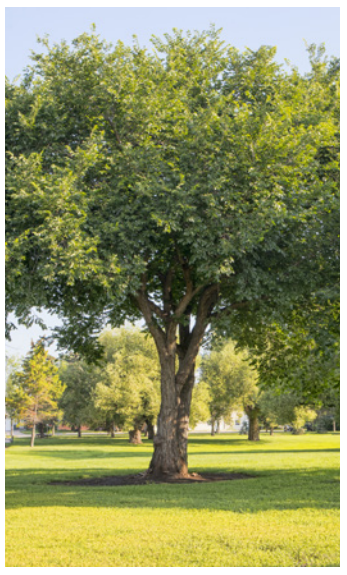

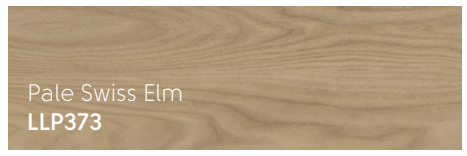

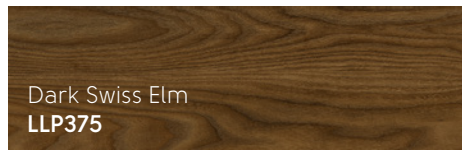

## Swiss Elm

Inspired by the alpine regions of northern Italy and Switzerland, the original timber is known for its warm amber tones and expressive interlocking grain, offering a refined character with the strength and durability associated with oak. Its smooth grain movement and subtle tonal variation create a composed yet engaging aesthetic. This design captures the balance between natural beauty and structural clarity, a contemporary interpretation of European craftsmanship and natural refinement.

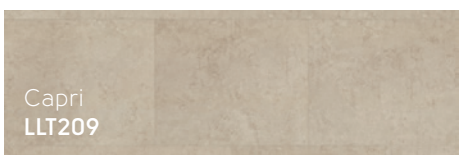

## Honed Limestone

Honed Limestone brings the timeless elegance of natural limestone to life in versatile luxury vinyl tiles. Offering classic sophistication at a fraction of the cost and upkeep, it's ideal for contemporary interiors. Inspired by the global appeal of limestone, our designers refined the look through etching, sandblasting, and honing to a smooth 'satino' finish - capturing the subtle texture and tonal variation of real stone.

## Concrete

Once the choice of avant-garde architects, concrete is now a design staple. Versatile and expressive, it can feel cool and contemporary or warm and textured depending on its setting. No longer just grey and industrial, our designers explored innovative colouring techniques to create a collection of luxury vinyl floors that bring depth, character, and understated elegance to the modern concrete look.

## Pietra

'Pietra' means stone in Italian. Favoured by architects for its monolithic, minimalist aesthetic, Pietra offers the timeless strength and texture of stone in luxury vinyl tile form. Its subtle patterning creates a calm, versatile backdrop that complements timber, brick, or simple plasterboard walls. Pair it with neutral tones for a Nordic feel or combine it with natural materials for an effortless modern-rustic look.

*As a feature of the design, these products incorporate a high variation between individual planks.

# Our inspiration

In a remote rainforest on Tasmania's wild west coast, inspiration revealed itself slowly. Ancient Australian species which were lost to time, undisturbed for hundreds of years... waiting to be rediscovered.
Naturally fallen and responsibly reclaimed, Tasmanian Oak and Blackwood tell a story of resilience, beauty and character. Captivated by these remarkable timbers, our designers studied every detail. Through observation and craft, their story continues... transformed into LVT with integrity, depth and renewed purpose.

## West Tasmanian Oak **LLP380**

Australian Species

Inspired by the natural beauty of Tasmanian Oak, West Tasmanian Oak reflects warm, sunlit tones and subtle character which is distinctly Australian, and effortlessly timeless.

Field Oak **LLP384**
European Oak

Brings gentle rustic warmth through pale straw tones, light liming and authentic grain, creating a soft welcoming backdrop.

## Our inspiration

Danish Oak carries with it a quiet strength and refined simplicity that echoes Scandinavia's design heritage. Once prized for shipbuilding by the Danish navy, this oak's durability and pale elegance are symbols of precision and purity. Our designers reinterpreted these qualities to capture the spirit of Nordic minimalism, light, calm, and effortlessly balanced. The fine, even grain and soft tonal palette bring serenity to modern interiors, while maintaining the integrity and craftsmanship that have made Danish Oak a symbol of understated sophistication.

Pure Danish Oak **LLP387**
Danish Oak

Reflects the growing preference for light unfinished oak, blending natural blonde hues and darker knots to create a warm versatile floor.

Pale Swiss Elm **LLP373**
Swiss Elm

Captures the quiet beauty of Swiss elm, combining soft warm tones and flowing grain movement to create a beautifully balanced floor that feels classic and composed.

Lemon Spotted Gum **LLP317**
Australian Species

Showcases the natural beauty of Australian Spotted Gum with sapwood, ring marks and open grain, delivering crisp modern lines and timber depth.

## Balfour Blackwood **LLP378**

Australian Species

Defined by warm golden hues and expressive tonal variation, this classic Tasmanian Blackwood design reveals a depth of character shaped by time.

## Our inspiration

Spotted Gum is defined by its flowing grain and natural variation, shaped by the diverse conditions of the Australian landscape. Layers of colour and tonal contrast move across each board, creating a surface rich in texture and visual rhythm. This expressive character captures the energy of native timber, delivering a design that feels dynamic yet refined - a distinctive Australian aesthetic that brings warmth, movement and individuality to any space.

## Mountain Spotted Gum **LLP316**

Australian Species

Captures rich warm brown tones with distinctive grain and sapwood, enhanced by embossing that reflects the authentic character and look of mill-sawn timber.

## Our inspiration

Inspired by the alpine landscapes of northern Italy and Switzerland and known for its interlocking grain and warm amber tones, the original refined timber offers the strength and distinction of oak with a more expressive character. Its smooth grain movement and subtle tonal variation create a composed yet engaging aesthetic. This design captures the balance between natural beauty and structural clarity, a contemporary interpretation of European craftsmanship and natural refinement.

Dark Swiss Elm **LLP375**
Swiss Elm

Captures the bold elegance of Swiss elm, blending rich dark chocolate tones with expressive crown grain to create a sophisticated floor with striking depth.

## Corinna Tasmanian Oak **LLP379**

Australian Species

Recovered from Tasmania's remote west coast, this design celebrates the lighter expression of a classic Australian species. Warm wheat and golden tones layer gently across the surface, creating an enduring and welcoming Tasmanian Oak–inspired floor.

Pearl Oak **LLP381**
European Oak

Showcases lightly distressed oak with brushed texture and balanced neutral tones, combining classic oak character with today's preference for lighter flooring.

Embered Blackbutt **LLP314**
Australian Species

Highlights Australia's iconic Blackbutt with warm honey tones, darker texture and natural sapwood, creating a classic hard-wood look with consistent colour.

## Drift Deauville Oak **LLP377**

Deauville Oak

Blends warm tones with smokey-grey highlights and natural Normandy oak texture to create an evocative floor with layered character that remains refined and adaptable.

## Honey Ironbark **LLP325**

Australian Species

Celebrates iconic Australian Ironbark with fine straight grain and warm golden tones, bringing distinctive natural character across a variety of interiors.

# Our inspiration

Inspired by the charm of Deauville, a picturesque coastal town in Normandy, France, this oak captures the quiet elegance and hues that define the region's interiors. Known for its gently rustic appearance, Deauville Oak features visible knots, soft grain movement, and a tactile, organic texture that looks inviting and lived-in. The naturally balanced tones complement both cool neutrals and sun-washed palettes, allowing Deauville Oak to transition effortlessly across modern and traditional spaces alike. ## Cashmere Oak **LLP385**

White Oak

Brings the warmth and beauty of classic oak, offering a clean timeless finish with easy versatility suited to a wide range of interiors.

French Grey Oak **LLP382**
European Oak

Combines natural oak grain with light to dark grey tones and brushed texture, pairing beautifully with white interiors or bold colour palettes.

Champagne Oak **LLP383**
European Oak

Reveals distressed grain and delicate cross-saw markings softened by pale blonde tones, forming a warm neutral backdrop that feels bright and timeless.

## Our inspiration

From Australia's coastal forests, Blackbutt reflects the quiet strength of timber shaped by a demanding environment. Soft golden tones and subtle grain variation create warmth and natural balance, while the influence of neighbouring species like Ironbark introduces depth and contrast. Together, they express the enduring character of Australian hardwoods - grounded, versatile and designed to perform, bringing a sense of calm and understated confidence to interior spaces.

Australian Woods

### North Coast Blackbutt **LLP313**

Australian Species

Reflects the linear grain and subtle tonal shifts of Australian Blackbutt, blending darker natural features to create a classic authentic hardwood floor look.

## Comfortable underfoot

Softer and warmer than natural timber or stone

Expect authentic variation across your floor • FEATURES HIGH VARIATION

## Pure Fabric Oak **LLP388**

Character Oak

Celebrates real oak character with varied colour tones, authentic grain and cross-saw markings, delivering a subtly worn look with natural charm.

## Wheat Oak **LLP386**

White Oak

Blends sun-kissed warmth with driftwood-inspired tones, combining light chalky teak and deeper oat hues to deliver rich natural variation throughout.

## Lampione **LLP147**
European Oak

Showcases pale blonde and ash-grey European Oak tones with subtle linear grains for understated elegance.

# LooseLay Originals

LooseLay Originals is the collection that started it all - the original loose lay range that changed what luxury vinyl flooring could be. Trusted for over a decade, it combines timeless design with everyday practicality. Featuring versatile plank and tile formats inspired by natural timbers and classic European stone, the range offers authentic visuals, quiet comfort underfoot, and proven installation ease. A classic choice that's durable, adaptable, and designed for real life.

## Laying possibilities

From diagonal to herringbone, define your space with a dynamic laying pattern.

Hamden **LLP156**
Character Oak

Highlights timeless blonde tones and natural beauty inspired by centuries-old European interiors, with fine detail, textured embossing and rich colouring.

Vintage Timber **LLP105**
Rustic Oak

Highlights the authentic character of reclaimed timber with radiant tones, rustic grains, and natural imperfections for a warm, lived-in interior feel.

Sicilia **LLP142**
Character Oak

Defined by deep browns, smoky charcoal hues, and textured knots that bring a sophisticated rustic-luxe aesthetic to contemporary interiors.

## Lifetime warranty

We're so confident in the quality of our floors, that we offer a lifetime warranty.

Expect authentic variation across your floor • FEATURES HIGH VARIATION

## Hartford **LLP112**

Rustic Oak

Captures smoky greys and weathered timber tones, offering an understated reclaimed oak look with effortless elegance and timeless appeal.

# Our inspiration

Character Oak tells a story written in every knot, split, and mark. A story of time, craftsmanship, and individuality. Inspired by reclaimed and time-worn timbers, our designers preserved the raw personality of each piece, enhancing it with gentle washing and ageing techniques to highlight natural movement and tone. The result is a collection that feels lived-in yet sophisticated; imperfect in the most beautiful way. With warmth, depth, and personality, Character Oak embodies the emotion and authenticity that define Karndean's design philosophy.

Country Oak **LLP92**
Character Oak

Brings authentic oak character to life through a classic mid-tone palette, blending nostalgic charm with a refined modern rustic aesthetic.

# Our inspiration

Rustic Oak celebrates the beauty of imperfection. Inspired by time-worn beams and aged workshop floors, these designs reveal the story of wood shaped by history, where every grain, knot, and shade variation tells its own tale. Our designers carefully selected boards rich in personality and texture, enhancing their natural irregularities to create authenticity and warmth. The result is a floor full of life and character, grounded yet refined, rustic yet modern and designed for interiors that embrace the honest beauty of natural wood.

Expect authentic variation across your floor • FEATURES HIGH VARIATION

## Stamford **LLP109**

Rustic Oak

Balances reclaimed timber charm with everyday practicality, pairing rich brown grains against light sandy undertones for versatile interior styling.

Heritage Oak **LLP102**
Rustic Oak

Adds rich, autumnal tones and authentic aged oak character to contemporary living, creating a timeless elegance to any space.

Providence **LLP108**
White Oak

Captures the gentle warmth of prized timber, with soft blonde highlights, open grain detail and subtle tonal contrasts throughout each plank.

## Reduces noise transfer

Perfect for spaces where you want to reduce noise levels in the room below.

## Ashland **LLP95**

White Oak

Combines a lime-washed finish with the natural beauty of White Oak, delivering an elegant enduring flooring solution for interiors.

## Cambridge **LLP113**
Rustic Oak

Evokes a sun-washed patina with tan and honey tones brushed in pastel grey, delivering soft grain detail and cosy, enduring charm.

# Our inspiration

Originating in Northern Europe, the tradition of liming oak began as a method of preserving timber, but its distinctive pale wash soon became a hallmark of style. Over time, this soft chalky effect evolved into an aesthetic celebrated for its fresh, uplifting character. Our Limed Oak designs honour that heritage, capturing the subtle balance between warmth and softness, texture and tone. The result is a floor that brightens interiors with effortless elegance, blending coastal calm with Scandinavian minimalism. It's the perfect expression of natural oak refined through time and craftsmanship.

Budelli **LLP146**
Limed Oak

Characterised by an ashy brown base with subtle knot and grain details to create a warm, neutral palette suited to modern styling.

Bridgeport **LLP157**
European Oak

Offers fresh grey tones and subtle texture for a versatile, calming look that suits both contemporary homes and commercial spaces.

Waterbury **LLP152**
Limed Oak

Brings light limed-oak tones and gentle grain detail together for a bright airy look with naturally effortless style.

## Water resistant

Spills happen, our waterproof floors stand up to spills of all sizes.

Brockton **LLP153**
European Oak

Brings together warm grey oak tones, darker undertones, and a gentle handscraped texture for a timeless and versatile interior foundation.

Lampione **LLP147**
European Oak

Showcases pale blonde and ash-grey European Oak tones with subtle linear grains for understated elegance.

Linosa **LLP148**
European Oak

Blends dark ashy grains with lighter neutrals, offering a sophisticated oak look with depth, balance and refined appeal.

## Individually replaceable

So you can update or refresh different areas of your floor, easily!

Danbury **LLP154**
European Oak

Combines classic European Oak notes with modern highlights in light browns, greys and deeper chocolate tones, enhanced by a textured handscraped finish.

Levanzo **LLP150**
Limed Oak

Offers a balanced blend of tans, browns, and lime-washed highlights that create a soft mid-toned oak look for grounded interiors.

## Our inspiration

In Italian, Pietra simply means “stone,” but to architects and designers, it represents timeless strength and quiet sophistication. Inspired by monolithic slabs found in European quarries, our Pietra collection reimagines natural stone’s minimalist allure through intricate detailing and soft tonal transitions. Each tile captures the subtle textures, veining, and shading of honed stone, creating a calm, architectural surface that complements a wide range of interior design directions. Elegant, versatile, and enduring, Pietra provides the perfect canvas for contemporary design expression.

Utah **LLT216**
Pietra

Delivers the clean, minimalist appeal of natural stone in cool pewter grey with soft veining for understated elegance.

Vermont **LLT217**
Pietra

Provides a sleek gunmetal grey base that suits contemporary and industrial interiors, delivering a refined and modern foundation.

Colorado **LLT201**
Pietra

Introduces light stone-inspired greys with subtle variation and texture to create a calm contemporary and versatile interior look.

## Designed for quick installation

Quick and easy to install, giving you a new floor in less time.

Dakota **LLT212**
Concrete

Expresses deep slate-grey concrete tones with authentic maker's marks to achieve a modern, consistent concrete look without the complexity.

Tino **LLT208**
Honed Limestone

Pairs cool off-white tones with subtle stone detailing, offering a timeless limestone-inspired look for versatile interior applications.

Madison **LLT203**
Honed Limestone

Recreates the smoky charcoal depth of natural limestone with authentic sandblasted, etched and satin-finished surface texture for refined interiors.

# Our inspiration

Once the preserve of avant-garde architects, concrete has evolved into a modern design essential, raw yet refined, industrial yet warm. Our Concrete designs are inspired by the material's inherent versatility. By experimenting with pigments and surface treatments, our designers captured the depth, movement, and quiet drama of architectural concrete. The result is a floor that exudes understated confidence, contemporary, tactile, and endlessly adaptable. A modern classic, crafted the Karndean way.

Vulcano **LLT211**
Concrete

Evokes rich charcoal tones with refined grey undertones to deliver a sleek concrete aesthetic suited to bold minimalist interiors.

Nisida **LLT210**
Concrete

Provides a darker slate-grey concrete aesthetic that delivers understated industrial style while anchoring pared-back, modern palettes.

Capri **LLT209**
Honed Limestone

Brings refined stone character with a soft taupe base and gentle darker accents for balanced natural visual appeal.

## Durable

Built to handle everyday use, giving you a floor that looks great for longer.

Maine **LLT213**
Concrete

Presents warm light-stone and biscuit hues that create a soft inviting concrete look ideal for modern minimal interiors.

Ontario **LLT218**
Concrete

Reflects pale grey honed-concrete tones with subtle embossing and gentle markings to create an understated, luxurious canvas for any style.

Quebec **LLT219**
Concrete

Gives interiors a slate-grey concrete aesthetic with the comfort of luxury vinyl, delivering modern sophistication without the upkeep of real concrete.

# Our other ranges at a glance

The Anti-Greenwash Charter® Certified Signatory #11

PROPERTY INDUSTRY FOUNDATION

Karndean is a proud Platinum Partner of the Property Industry Foundation, supporting safer, more sustainable housing outcomes for young Australians.

## Confront climate change

Reducing our carbon footprint through energy efficiency and use of renewable energy.

- The Science Based Targets initiative (SBTi), an international corporate climate-action organisation, has approved our targets for greenhouse gas emissions reductions, validating that our near-term targets are aligned with the reductions necessary to prevent catastrophic global warming: We are committed to reducing absolute Scope 1 and Scope 2 emissions by 42% by 2030 from a 2022 base year.
- We were the first Australian LVT supplier to achieve Best Environmental Practice PVC in 2015 and participate in PVC Stewardship through the Australian Vinyl Association.
- Partner of the Property Industry Foundation and a member of ARFA and the Flooring Council of Australia, supporting sustainable building practices and responsible materials management.
- GreenTag™ Excellence - Our gluedown, Korlok, LooseLay Originals, and LooseLay Longboard ranges receive a GreenRate Level 'A' rating for quality sustainable building materials.

## Sustainable use of resources

Conserving natural resources; using post-industrial and post-consumer recycled materials; making products that can be recycled; elimination of raw materials derived from crude oil; creating closed-loop production processes.

- Our products offer an expected lifespan of 35 years for domestic use and are guaranteed for up to 20 years in commercial settings. Our products use as much as 50% recycled PVC in the backing layers, with material derived from postproduction waste such as offcuts and process dust.
- All manufacturing facilities have installed or are investing in on-site renewable energy generation and energy efficient technology. Participation in Flooring Council of Australia (FCIA) sustainability initiatives, supporting responsible resource management and circular economy principles.
- Founding member of ResiLoop - circular economy initiative, transforming post-installation and post-production vinyl waste into reusable products.

## Inclusion & diversity

Nurturing an equitable, inclusive and diverse workplace culture through engagement and education.

- We deeply value equity, inclusivity and diversity within our company and nurture these principles through engagement and education.*
- Our operations and products comply with local environmental and safety regulations, reflecting our ongoing commitment to responsible business practices in Australia.

## Health & wellbeing

Ensuring the health and safety of those involved with manufacturing and use of our products.

1. Safe products

- FloorScore® certified for post-installation indoor air quality
- Free from heavy metals, BPA, formaldehyde and unsafe phthalates
- Low emitting in volatile organic compounds
- Rated A+ for volatile organic compounds (third-party tested)
- Water-based or solvent-free adhesives with very low VOC emissions
- Eurofins Indoor Air Comfort® Gold - Low-emitting products that contribute to healthier indoor environments

2. Safe working conditions

- We commission independent factory audits for working conditions, hours worked, workplace health and safety
- GreenTag™ Excellence - Selected ranges are GreenRate™ Level A certified, reflecting responsible manufacturing, indoor air quality, and compliance with Australian standards.
- Our Mega-Bond and Hi-Tack adhesives are solvent-free, low VOC, with GreenTag™ certifcations, supporting healthier and more responsible interiors.
- Karndean actively participates in Flooring Council of Australia (FCIA) initiatives to promote sustainable manufacturing and safe working conditions in Australian job sites.

## Supply chain transparency

- Third-party certifications for environmental and social responsibility, including fair treatment and safe conditions for workers.
- We have product-specific EPDs, which report objective third party-verified data about a product's environmental impact based on its life cycle.
- Our products are manufactured in purpose-built factories certified to the ISO 14001 environmental standard, which measures reducing environmental impact, from facility water usage to recycled materials for product packaging.
- Karndean actively participates in Flooring Council of Australia (FCIA) initiatives to promote sustainable manufacturing and safe working conditions in Australian facilities.

## Education

Educating employees about the importance of sustainability, helping them understand what role they play and increasing the likelihood of achieving our goals.

- We conduct CPD sessions and participate with organisations such as the Green Building Council of Australia (GBCA), a membership we've held since 2007. Offering sessions for professionals in design, construction, and built environment industries further supporting ongoing education and best practice across Australia.
- All sustainability communications follow the Karndean Anti-Greenwash Policy, ensuring claims are accurate, evidence-based, and compliant with Australian regulations.

## Slip Resistance

For areas with high foot traffic or prone to getting wet, consider conducting independent 'in situ' slip resistance testing to verify the ongoing suitability of the flooring for these environments. Only products specifically noted as being suitable for wet areas should be used in those conditions.
To maximise the longevity of anti-slip surfaces on your Karndean floor, it is essential to follow the recommended cleaning and maintenance practices. Improper cleaning and maintenance can lead to a degradation of slip resistance, increasing the risk of slips and falls.

## Imagery and Design Reproduction

Photography and print cannot always produce a perfect representation of our products. This includes colour, pattern variation and installation elements used. For this reason we strongly recommend obtaining a product sample and where possible viewing a larger sample in-store.
We also recommend visiting our website for information on installation, after care and product selection. We love developing new ideas and improving on our existing designs which means that sometimes products are withdrawn at short notice. We hate to disappoint and will work with you to find an alternative design. Please contact Customer Service for more information.
It is recommended that when selecting flooring products, you verify compliance with building regulations and certification practices relevant to your local area. All Karndean range and format credentials are at our certification policy level – please check for the current certification status.
