

Jacobsen®

brings you

**NORDIC &
ACCENT**

NZ Stock

A misty forest scene with tall, thin trees. The trees are mostly dark green, but some have yellow and orange leaves, suggesting autumn. The mist is light and ethereal, filling the background and creating a sense of depth. The overall tone is calm and natural.

NORDIC

Jacobsen[®] | **ShawContract**[®]

The Nordic LVT Collection combines commercial durability with the timeless appeal of Nordic design in a collection of 14 wood visuals. Inspired by the soothing and tranquil Nordic style, this collection is designed to complement any interior scheme with endless design possibilities. Nordic design is known for its minimalist, warm, and inviting aesthetic.

It emphasises functionality, simplicity, and natural elements, and has become popular around the world for time-honoured beauty. The Nordic LVT range features a stunning array of wood visuals that are reminiscent of the tranquil allure of the Nordic landscape.

At 5mm thick, Nordic can be used seamlessly with most carpet tiles without the need of a transition strip. The loose lay optional backing allows for installation over raised access flooring along with a variety of installation methods including glue down, perimeter glue and loose lay.

Jacobsen will be stocking the 2.5mm, but you can order the 5mm on indent order from Australia for quick ship.

Constructed in 18 cm x 122 cm | 7 in x 48 in plank, Nordic allows for maximum installation options including stagger, herringbone, ashlar and brick to fit the need of a variety of spaces. Combine planks to build scale with impactful colour blocking or use one colour to ground a space.

With superior scratch resistance and acoustic benefits, Nordic is ideal for the spaces where we work, learn, heal and live.

Nordic features our maintenance-friendly ExoGuard® finish with more resistance to abrasion, staining, and improved cleanability. Manufactured without ortho-phthalates, Nordic is Floorscore® certified for low VOCs.

Colour and Visual Variation Index

Shade and texture variation is inherent in all resilient products and can vary significantly from piece to piece. V1 products have little or no variation in shade and / or texture, while V4 have the greatest variation from piece to piece. Images represent shade variations only. Samples should be used to assess colour.

V3 Driftwood 77120

V2 Birch 77140

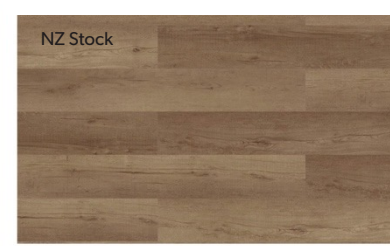

V2 Balance 77755

V2 Fir 77155

V3 Golden 77756

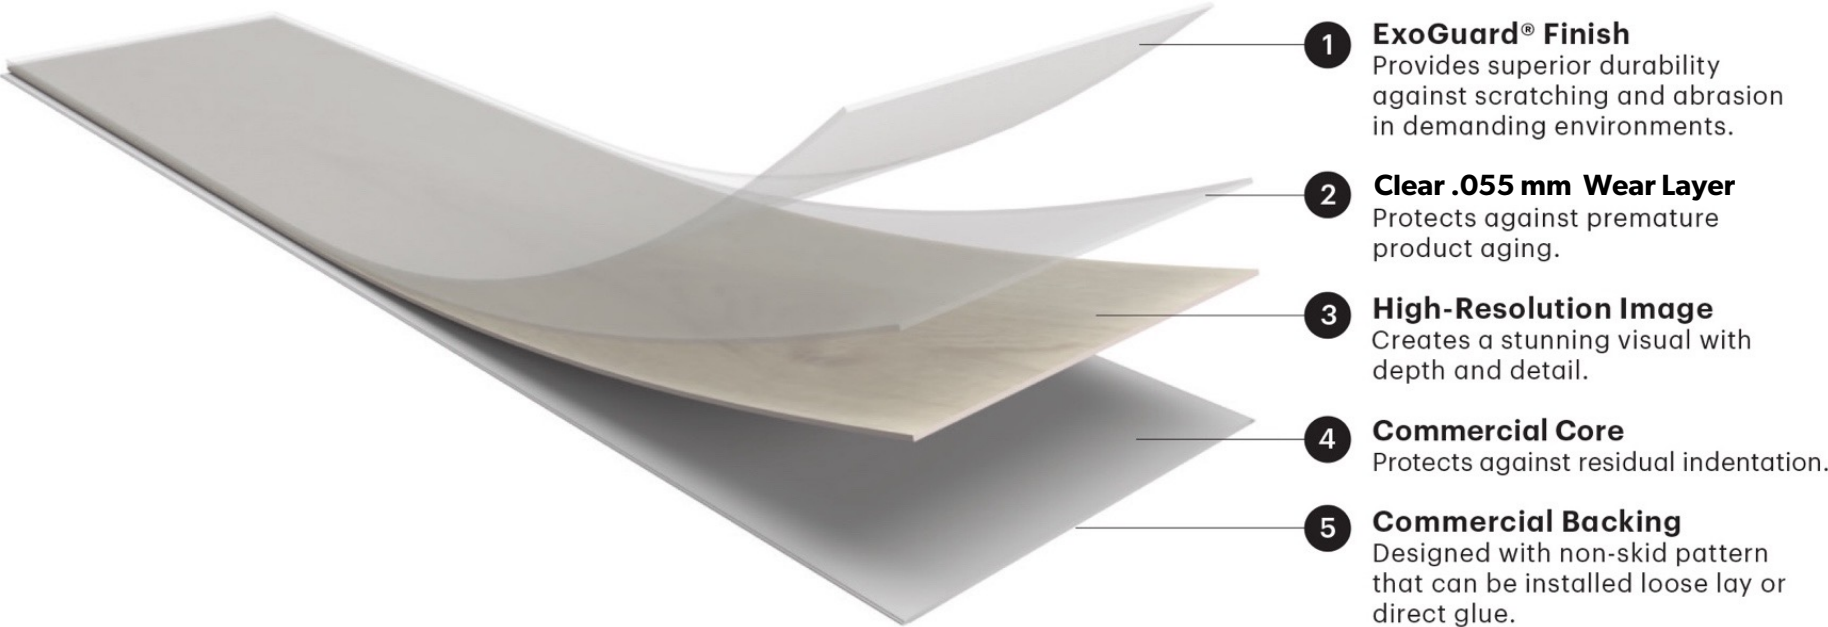

V2 Redwood 77720

V2 Elm 77721

Nordic has a layered construction that is engineered for enhanced durability in high-demand environments. It features our maintenance-friendly ExoGuard® finish with more resistance to abrasion, staining, and improved cleanability. A dual-purpose backing system allows this product to be installed as direct glue or loose lay.

**Superior Durability**

ExoGuard™ advanced topical finish technology delivers the highest performance scratch resistance and resists UV light degradation, hand sanitizers, disinfectants and common stains.

**No Transition Needed**

5 mm LVT can be installed next to most carpet tiles without the need for transition strips.

**Direct Glue or Loose Lay**

The dual-purpose backing construction allows for direct glue or loose-lay installation for more flexibility to support the needs of the space.

**Performs with Static and Rolling Loads**

When direct glued the high PSI tolerance of the product enhances resistance to indentation.

**Polish-Optional Reduces Cost**

ExoGuard® is a polish-optional finish that can reduce the cost of annual maintenance.

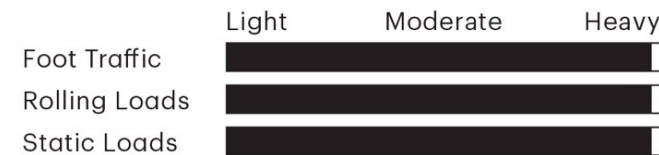

**LEEDv4 Contributions**

IEQ – Floorscore IAQ Certification
MR – RFCI Industry Average EPD

Recommended Applications

Ideal for Heavy Commercial Environments

Workplace | Multi-family | Retail

An aerial photograph of a dense forest. The majority of the trees are dark green, likely evergreens. Scattered throughout the forest are several trees with bright yellow and orange foliage, indicating autumn. The lighting is soft, and the overall tone is natural and serene.

ACCENT

Jacobsen® | ShawContract®

Accent is a fundamental collection of value-driven feature colours developed specifically for Australia and New Zealand.

With sophisticated and subtle design, Accent carpet tiles help create a colourful canvas through a palette of 12 muted hues.

Jacobsen | ShawContract

Featuring 610 x 610 mm carpet tiles, this collection coordinates across many products in the Shaw Contract product line. All colours of Accent are available In Stock Australia.
