* For LVT, in case of important sunlight exposure, significant temperature variations and/or water presence, a bi-component adhesive may be required (see adhesive manufacturer instructions)

** Carpet Tiles with cousin backing. Always apply adhesive with a V1 trowel for cushion back carpet tiles and heavy traffic areas.

Note: Although Tarkett may recommend a selection of manufacturer adhesive, we do not however guarantee the products listed. The list of products and manufacturers are not guaranteed complete or current. Tarkett would not accept any liability for any of these products failing to perform in conjunction with any of their products. It is the responsibility of the adhesive manufacturer and flooring contractor to ensure the products being used are appropriate for use and applied in accordance with the manufacturer recommendations.
